خمسون عاماً من النجاح

تفتخر نفط الهلال بكونها من أوائل
شركات النفط والغاز تحقيقاً لحيادية الكربون عبر عملياتها كافة.

Crescent Petroleum is proud to be
one of the first companies in the oil and gas
industry to achieve carbon neutrality across its operations.

IRAQ OIL & GAS SHOW

18 & 19 FEBRUARY 2023

Official Participation

WE ARE DELIGHTED TO WELCOME YOU TO THE IRAQ OIL & GAS SHOW

It is a pleasure to welcome you all to the Iraq Oil & Gas Show, the first and only event held on Iraq's crucial hydrocarbon sector. As the 2nd largest holder of oil reserves in the world, at 150 billion barrels, Iraq has become one of the fastest-growing oil producers in the world. Due to the rapid incline in oil prices and the prosperity in Iraq's finances and production levels, the opportunities have maximized in the oil and gas industry as it never has before.

Whilst large-scale upstream capacity is well known to the international audience, the midstream and downstream sectors are ripe for international investment. Bottlenecks and weak infrastructure are preventing long-term growth in providing for domestic energy demands and international distribution. Over the course of the next two days, we will hear excellent solo presentations and panel discussion featuring high government ranking officials, key stakeholders, investors, multinationals, and service providers on the next phase for Iraq's oil and gas sectors. Enjoy the jam-packed agenda and leading content, in Baghdad.

We are especially grateful for the support and encouragement that we have received. We would like to extend our special thanks and gratitude to the Ministry of Oil, for their tireless support of the Iraq Oil & Gas Show and for providing economic opportunities for the Iraqi population. We are all here to provide prosperity for Iraq, a country that deserves it after years of challenges.

Finally, thank you to the team at Iraq Business Gateway for your tireless work and dedication.

Yours Faithfully,
Ahmed Aljader
CEO & Founder of Iraq Business Gateway
